Notice of Allowability

Part of Paper No. 0403.

Application/Control Number: 09/888,403

Art Unit: 2834

## **DETAILED ACTION**

## Allowable Subject Matter

## 1. Claims 5-12 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach, disclose, or suggest, either alone or in combination a stator with a radial winding, the stator comprising at least two separate pole plate assemblies, each said pole plate assembly comprising a plurality of pole plates made of magnetically conductive material, the poles being spaced by an identical angular interval, each said pole having a distal end with a magnetic pole face, each said pole having a metal wire wound there around, wherein the at least two pole plate assemblies are coaxially stacked and the pole thereof are arranged in staggered manner to form the stator. Therefore, the limitations contained on claims 5-12 are considered to be in condition of allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
